Mondly Works

O que é o Mondly Works?

Baseado no Mondly, aplicativo de aprendizado de idiomas que já ganhou prêmios e tem mais de 100 milhões de usuários em todo o mundo (mais de 190 países), o MondlyWorks é uma solução para qualquer organização que queira empoderar seus colaboradores, oferecendo a eles uma das mais avançadas e engajadoras soluções para aprendizado de idiomas do mercado.

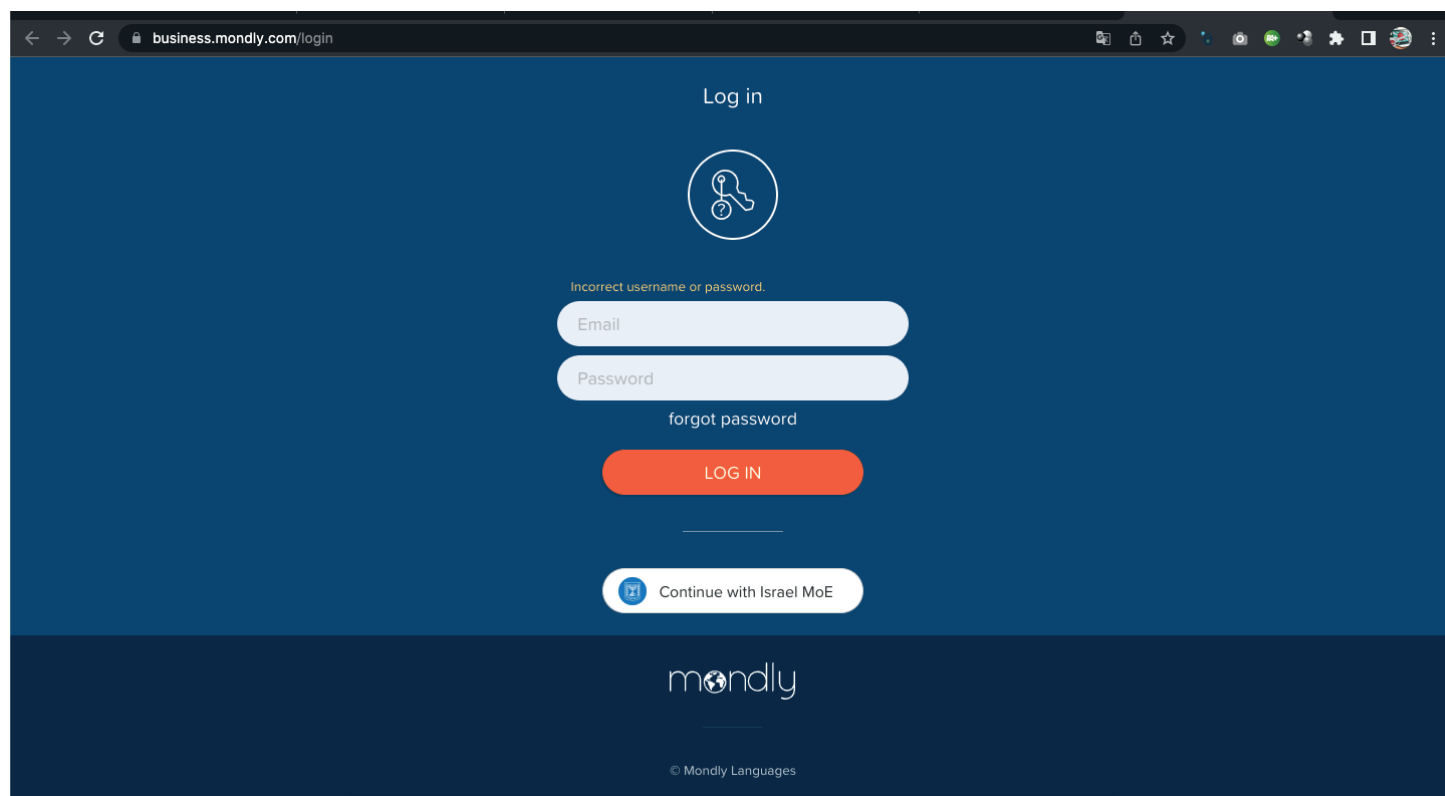

- O aplicativo tem um dashboard dedicado que rastreia e analisa o progresso dos usuários através de sua jornada de aprendizagem da língua;
- Acesso em estrutura do tipo árvore: um administrador ou múltiplos administradores com diferentes níveis de acesso;
- Acesso Premium completo para todos os 41 idiomas com todas as contas MondlyWORKS;
- Adicione ou remova usuários da plataforma;
- Crie grupos;
- Analise o progresso e engajamento de toda a companhia ou individualmente.

Como o MondlyWorks funciona?

- Convide usuários

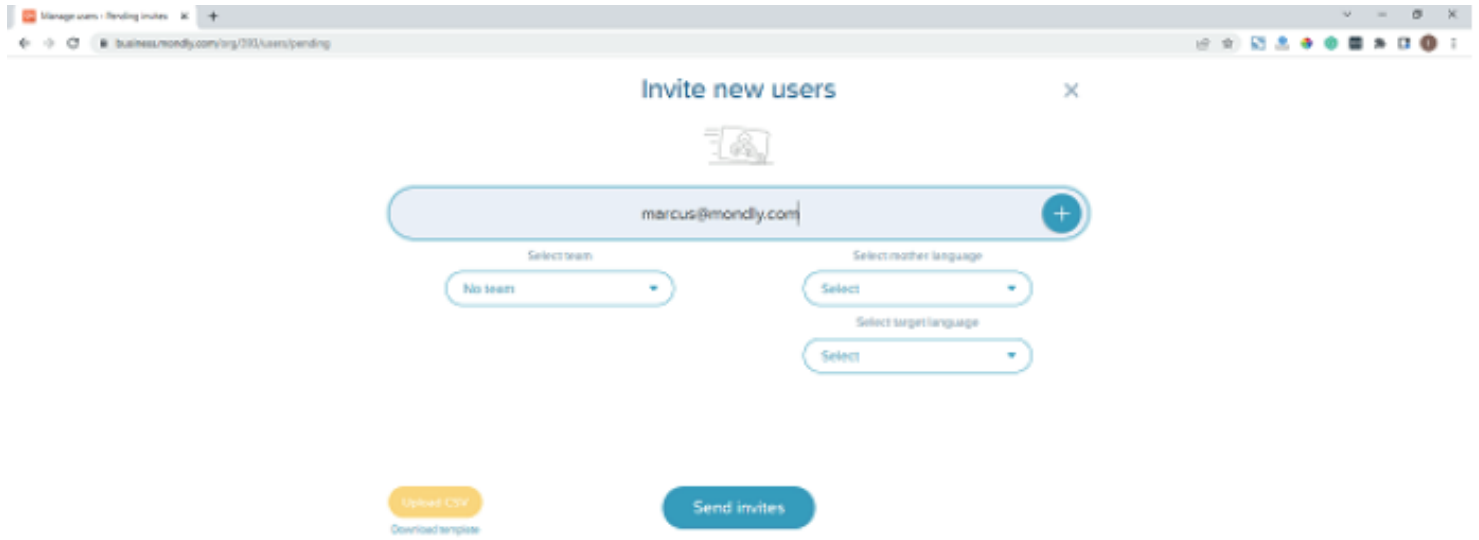

1. Acesse a plataforma MondlyWORKS

Para acessar a plataforma, clique [aqui \(https://business.mondly.com/login\)](https://business.mondly.com/login) e entre com as credenciais recebidas.

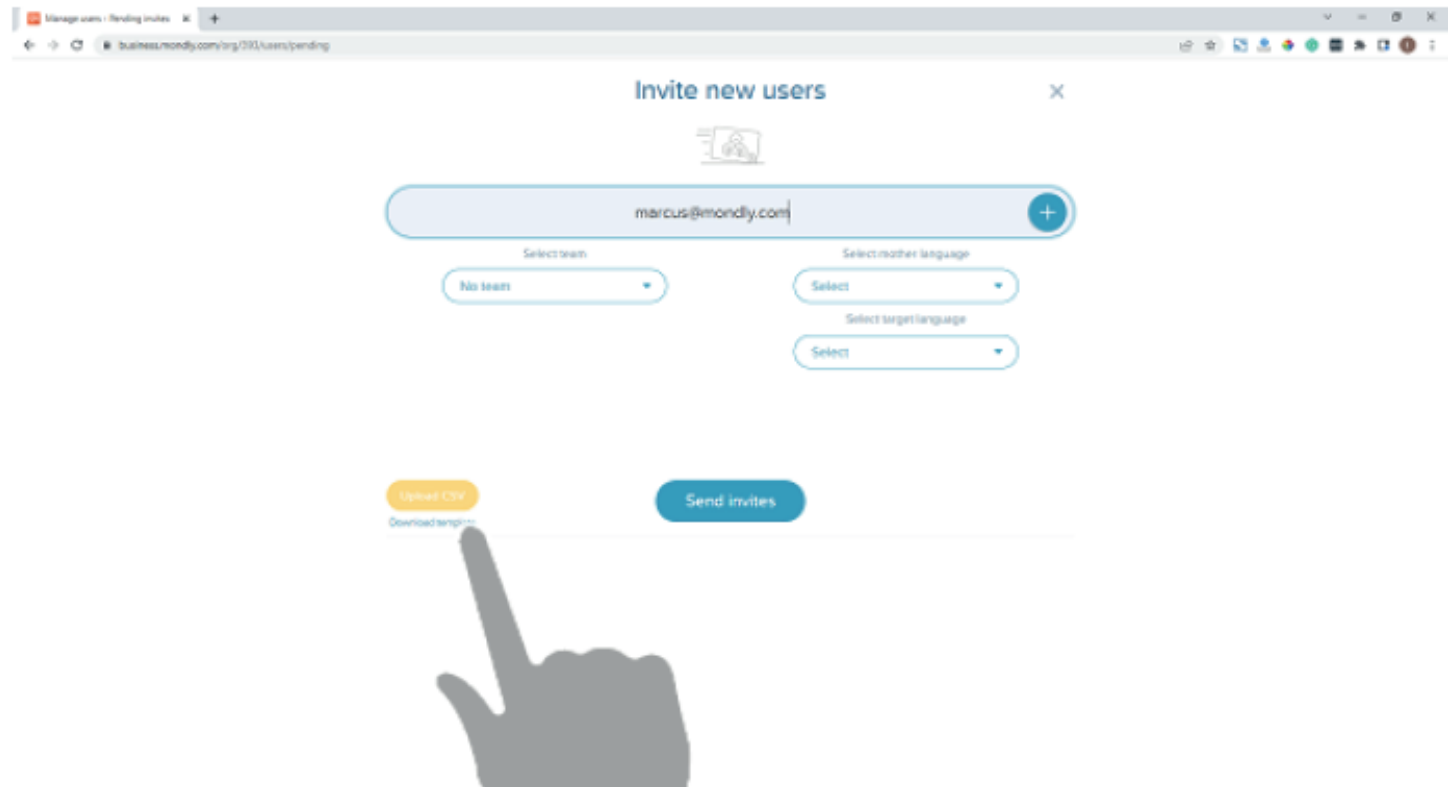

4. Convide novos usuários:

- digitando o e-mail de cada um

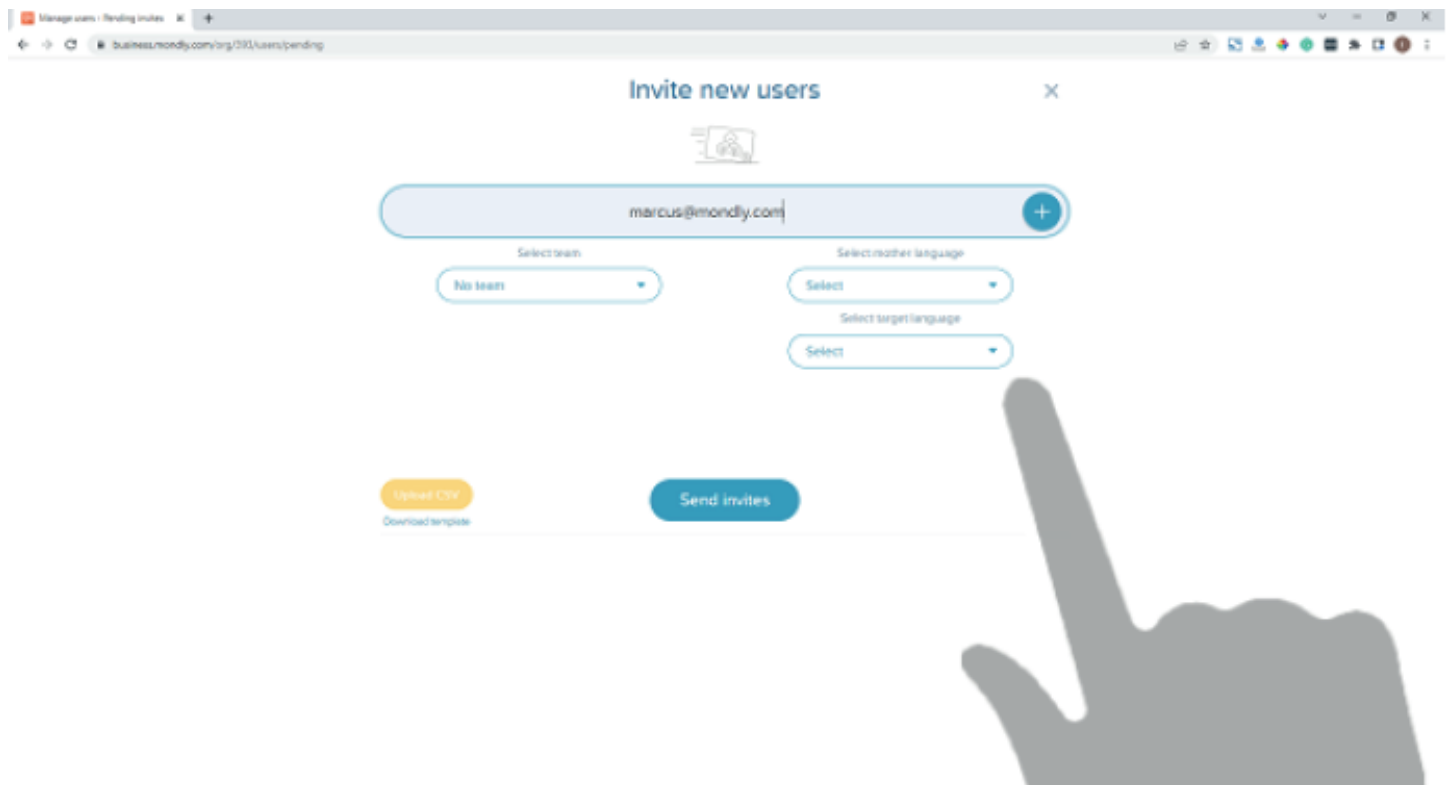

- ou fazendo o upload de um arquivo CSV contendo o e-mail de todos os novos usuários que deseja adicionar

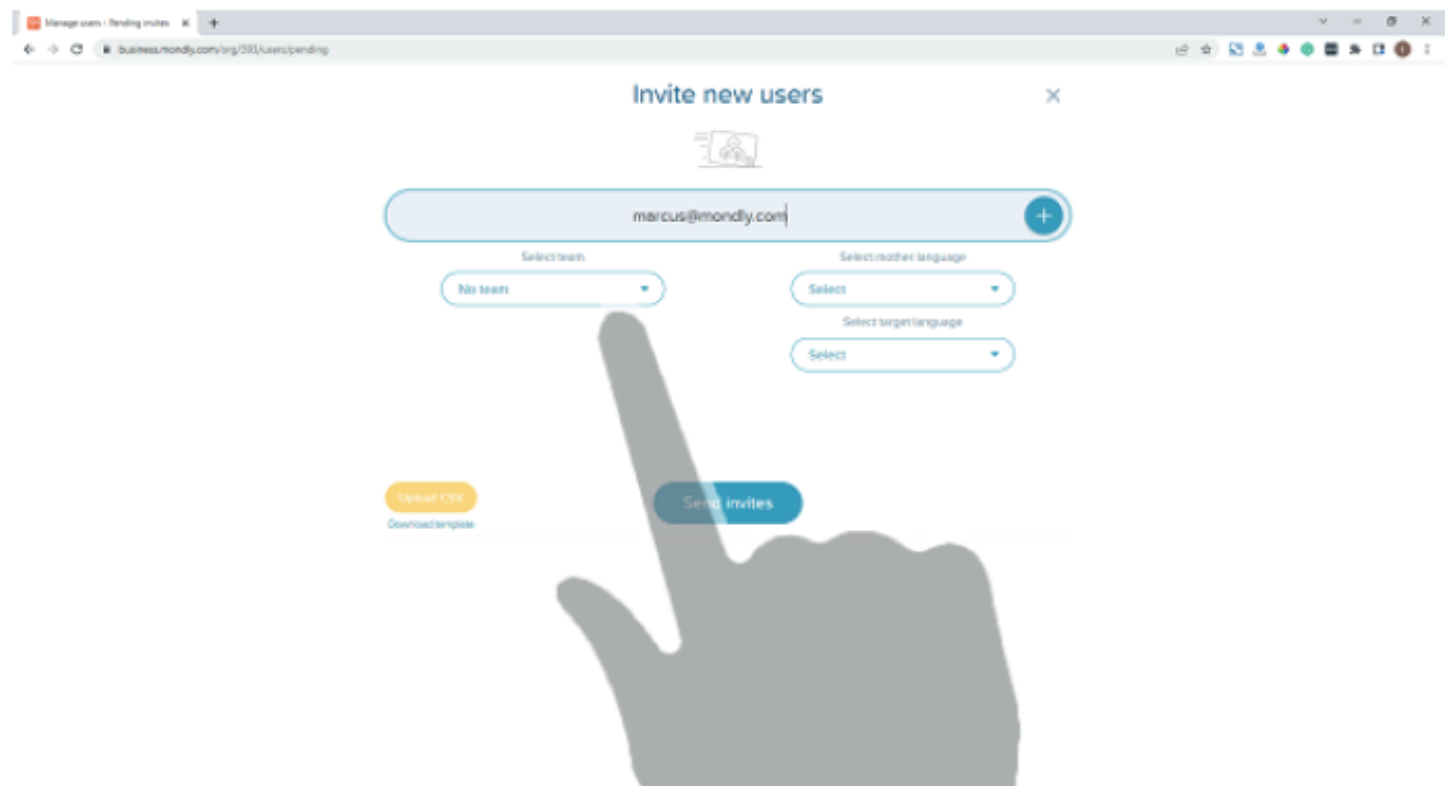

Você pode baixar um template para ver como o arquivo CSV deve ser formatado, clicando em 'Download template', abaixo do botão 'Upload CSV'.

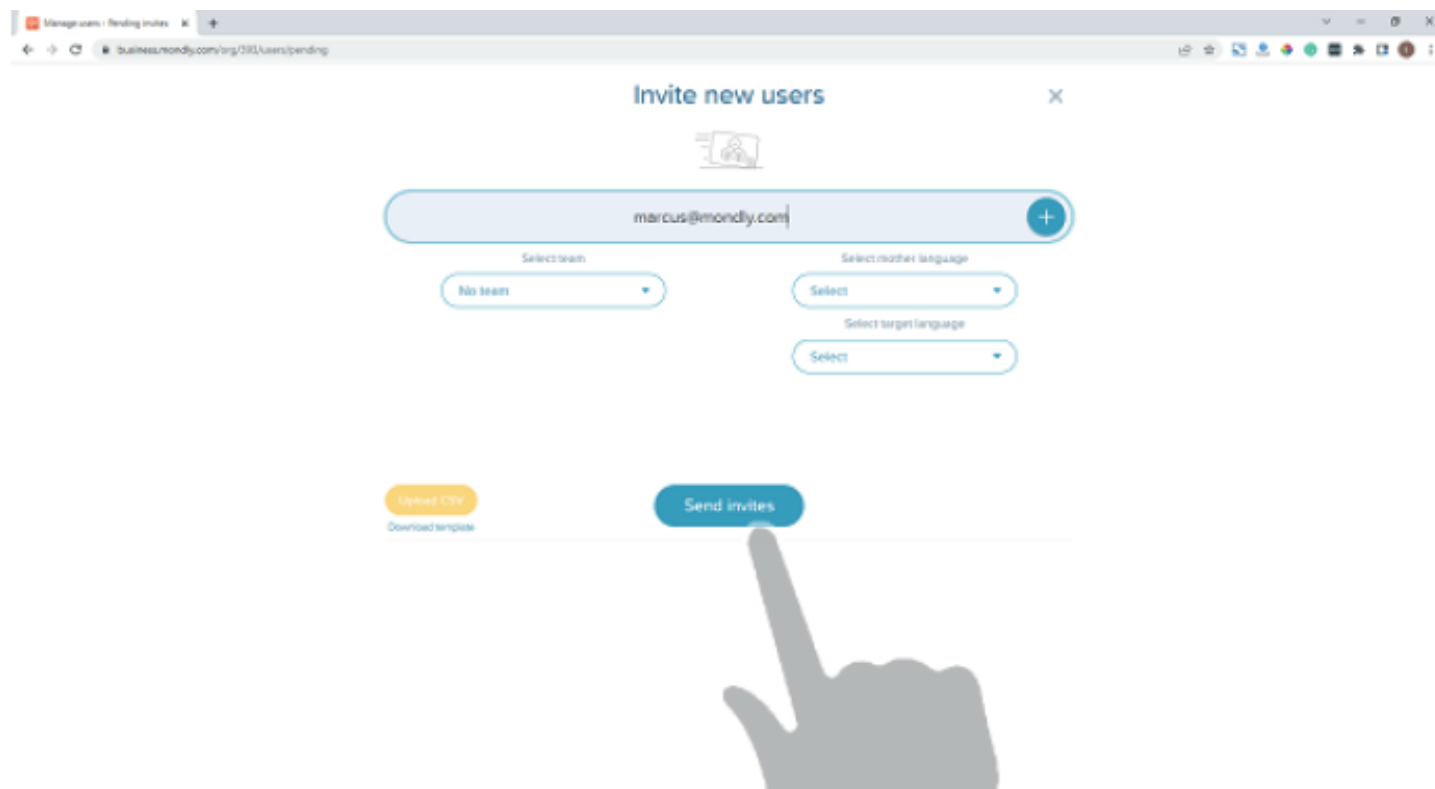

Nota: A partir da página 'Invite new users' (convide novos usuários) você pode selecionar o par de idiomas (primeira língua e língua-alvo) para os novos usuários, mas isso não é obrigatório.

Nota: A partir da página 'Invite new users' (convide novos usuários) você pode optar por adicionar seus usuários a um grupo, mas isso não é obrigatório. Continue lendo para saber como criar grupos.

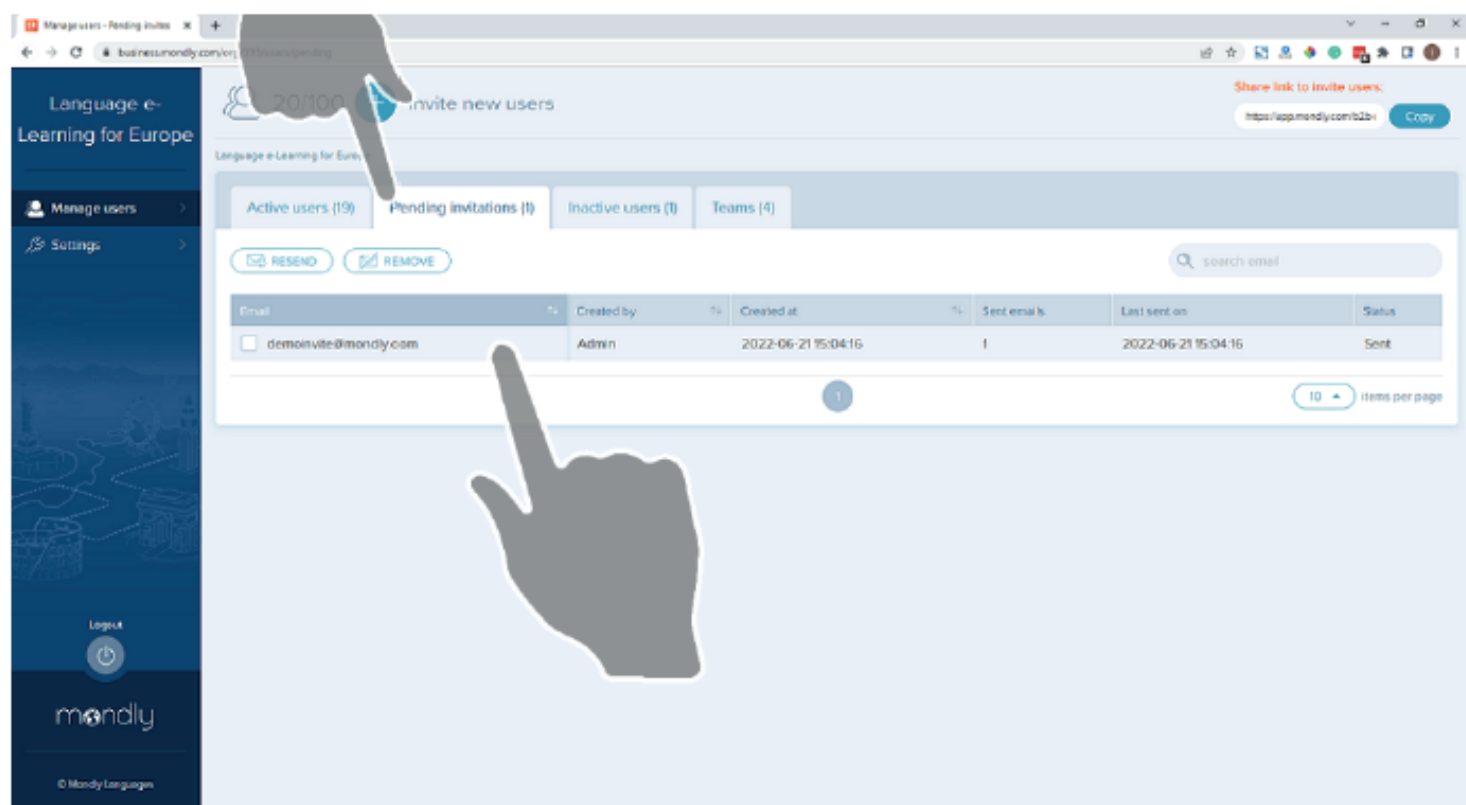

5. Clique no botão 'Send invites' (enviar convites)

6. Acompanhe a aba 'Pending invitations' (convites pendentes).

Os usuários convidados serão mostrados aqui enquanto não tiverem aceitado o convite.

Assim que um usuário é convidado a aprender com o Mondly, sua conta Mondly é automaticamente criada e ele recebe um link de acesso por e-mail. Recebe também um e-mail de corporate.support@mondly.com com suas credenciais (e-mail e senha) e todas as instruções necessárias para o sign in. É recomendável que o usuário mude sua senha no primeiro acesso à plataforma Mondly.

Caso o usuário não receba o convite, é aconselhável que verifique na caixa de Spam.

7. Acompanhe a aba 'Active users' (usuários ativos).

Depois que aceitarem o convite, os novos usuários aparecem como active users (usuários ativos).

The screenshot shows the 'Manage users - Active users' page in the Mondly admin interface. The top navigation bar includes 'Language e-Learning for Europe', '20/100' users, and an 'Invite new users' button. Below this, there are tabs for 'Active users (19)', 'Pending invitations (0)', 'Inactive users (0)', and 'Teams (4)'. A search bar and action buttons like 'MOVE TO TEAM', 'DEACTIVATE', 'REMOVE', and 'EXPORT CSV' are visible. The main table lists users with columns for Name, Languages, Points, Streak, Learning time, Lessons completed, Words learned, All teams, and Last active on. A hand cursor is pointing to the 'Active users (19)' tab.

Se seus usuários não receberem e-mails de um domínio específico, como @mondly.com, não conseguirão receber as credenciais e aceitar o convite. Caso isso aconteça, peça que habilitem o domínio Mondly.

De qualquer forma, você também pode copiar o link e enviar em um e-mail separado (a partir de seu e-mail corporativo, por exemplo). Assim, eles serão direcionados para criar a conta Mondly, e o conteúdo Premium será desbloqueado para a conta que criarem.

Ordenado por Grupo

1. Crie grupos na aba 'Teams'

Nota: Uma vez criado o grupo, você consegue designar novos usuários para aquele grupo específico diretamente na página 'Invitation'. Isso facilita muito o trabalho quando há muitos usuários.

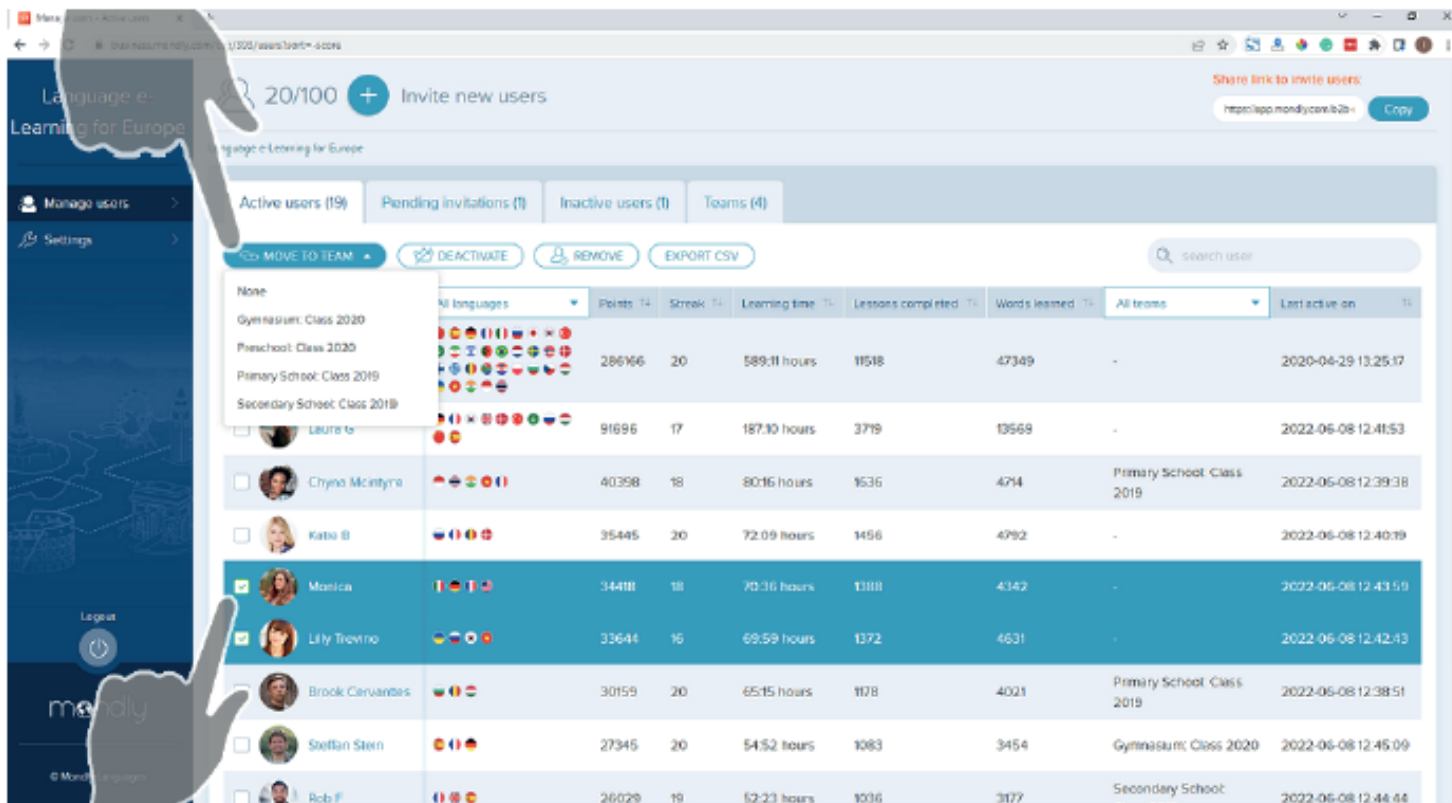

Clique na aba 'Teams' e no botão 'Add team' para criar um novo grupo.

Defina um nome para o grupo e clique no botão 'Create Team' (criar grupo).

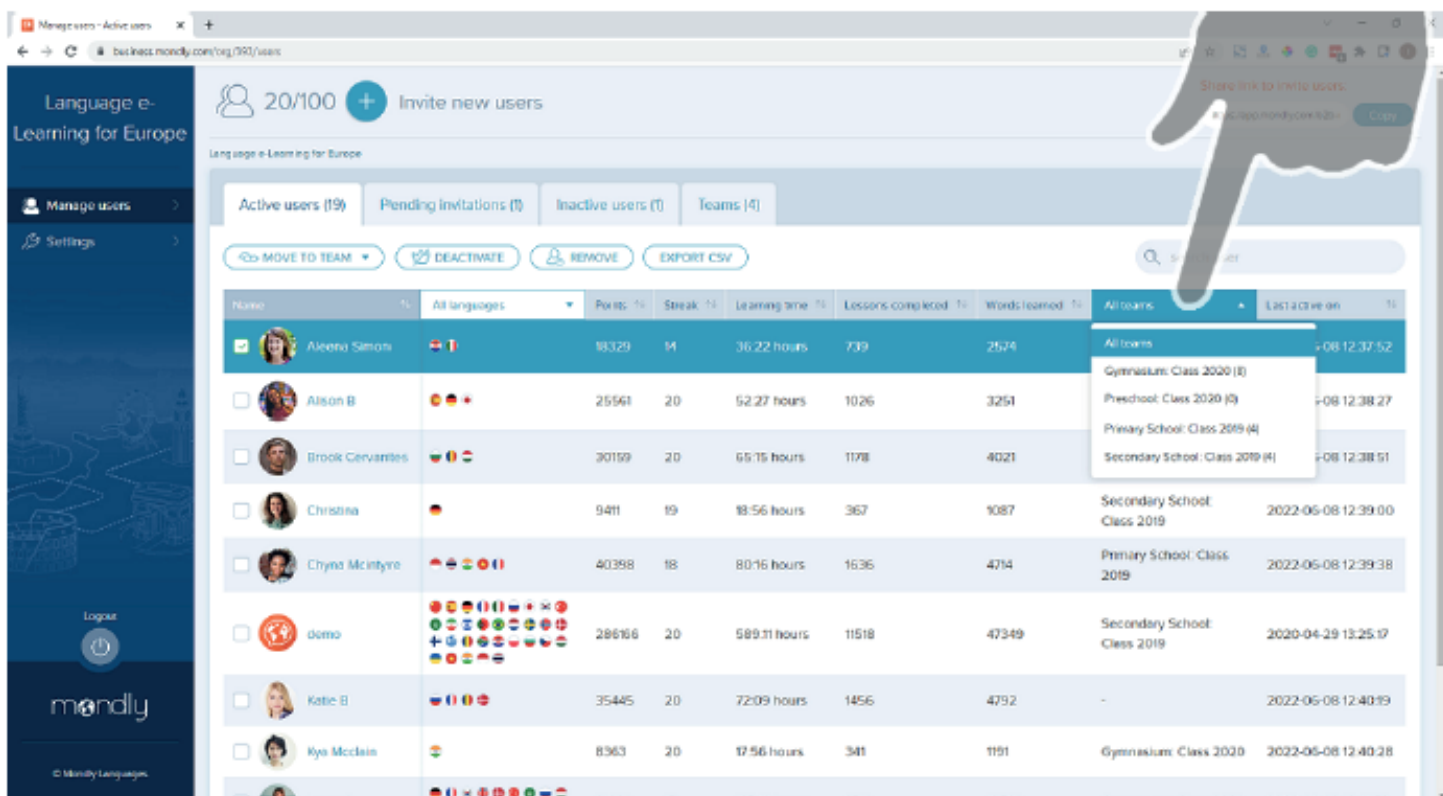

2. Designar usuários para grupos a partir da aba 'Active users'
